If, you aren't able to attend in person, you can join by internet as this will broadcast as a web forum.

About OAHS and FIMUR

The aim of OAHS is to provide affordable and adequate housing services to urban and rural Aboriginal people in Ontario requiring assistance adequate to their needs at a cost within their means.

OAHS is currently administering the \$60 million First Nation, Inuit, Métis Urban & Rural (FIMUR) Housing Program. Of that total, approximately \$51 million is targeted for the development of Off-Reserve rental housing for Aboriginal individuals or families with low- to moderate-income, or those in core housing need.

Note: The "Off-Reserve Aboriginal Housing Trust Provincial Engagement Report" should be reviewed prior to attending the forum. The report can be found at one of the following links:
