Question #9 Are there special circumstances that should be considered by OAHS?

The First Nation, Inuit, Metis Urban and Rural housing program (FIMUR) was designed with **priorities** for tenant selection derived from consultations with the off-reserve Aboriginal community in Ontario (outside of the GTA). Those priorities are:

1. Families/single parent families/seniors/individuals who have had no other alternative but to turn to emergency shelters to escape violence or any other type of physical or mental grief by their spouses, or partners, or other family members with whom they reside and from whom they intend to separate permanently.
2. Families/single parent families/seniors/individuals that are without or to be without housing by no fault of their own, families whose residence has been destroyed and have no place to live, landlords who have sold the property and have terminated the family's tenancy, individuals who have been released from a hospital or facility and cannot return to their former residence, families at risk of losing custody of children through lack of safe affordable housing.
3. Families/single parent families/seniors/individuals that have had no alternative but to separate and seek living accommodations with other family members because of the lack of affordable housing.
4. Families/single parent families/seniors/individuals that are currently living with hazardous conditions such as; inadequate kitchen facilities, inadequate bathroom facilities, inadequate recreational space for children, inadequate or no electrical wiring, inadequate or unsafe heating facilities, other identified risks, or the need for specific housing requirements e.g. wheel chair access, ground floor.

Are there any priorities that apply to you/your household? Please explain.
